SCHOOL SAFETY

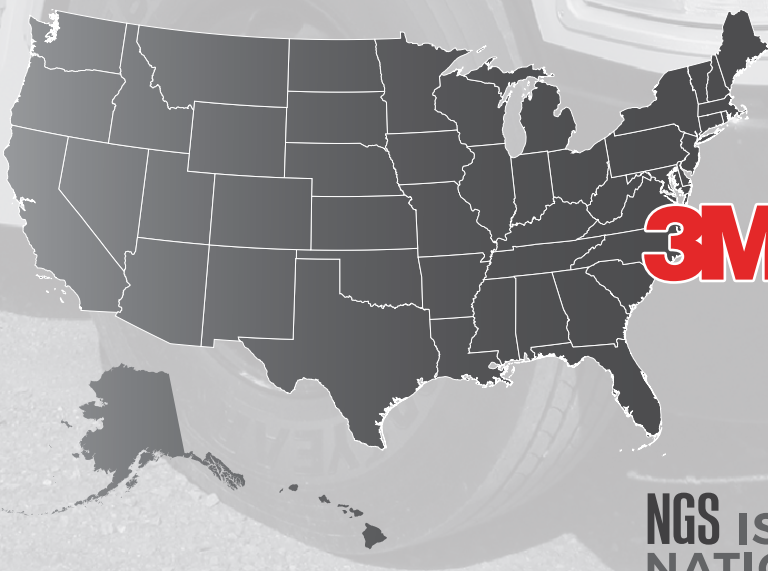

TRI-SHIELD WITH 3M ULTRA SECURITY FILMS IS A QUICK AND COST-EFFECTIVE WAY TO FORTIFY EXISTING GLAZING. IMPACT PROTECTION IS ESSENTIAL FOR SLOWING DOWN THE INTRUDER.

	TRI-SHIELD	Standard Security Glazing	Rolling Steel Doors
Forced Entry Field Proven Forced Entry Protection	▲		●
Provides Reaction Time Delayed Entry Improves Reaction Time	▲		
Body Passage Passes Rigorous ASTM F1233 1.0	▲		
Visual Security Option for Reduced Exterior Visibility	▲		
Energy Efficiency Option for Energy Savings Payback	▲	●	
Doors Custom Door Solutions	▲	●	
Assets Theft and Vandal Protection	▲	●	

I reviewed thousands of school projects; many lacked {security film} - an inexpensive safety measure.¹

Whenever feasible, specify forced entry resistant glazing on all exterior glazing.²
