

NGS Sneeze Guards offer the ultimate in close quarters social distancing protection!

PASSTHROUGH

WALL MOUNT

DESKTOP

PERFECT FOR

- retail and grocery store counters
- between desks in an open, creative office layout
- between desks in a call center
- classrooms
- restaurants & bars
- reception desks and teller windows
- outdoor seating areas

VERSATILITY - Our sneeze guards can be mounted on a wall or virtually any desk, countertop, or flat surface to create a clear barrier for social distancing.

HIGH QUALITY

DESIGN - We developed our sneeze guards to solve many of the problems we found with competitors' designs, all in an effort to make the ultimate sneeze guard.

AESTHETICS - Made from heavy gauge anodized aluminum for a refined, polished look.

What happens when the
6'
social distancing rule is not possible?

Signature Series

ALL SEASON SOLUTION

While designed for, and during the COVID-19 crisis, our durable long-lasting sneeze guards can be used year-round for germ and virus mitigation, including the common cold and seasonal flu viruses.

Open concept, creative office spaces will require some rethinking in the post-Coronavirus era.

NGS Sneeze Guards come in a variety of mounting styles to assist you in achieving the protection you need, with a simple and easy to use system that is adaptable to virtually any space.

Community seating arrangements can be repurposed to create individually protected spaces, without the look or feel of a barrier.

We can help you achieve social distancing in style. Our premium quality sneeze guards are designed to be a permanent and long-lasting addition to any space, providing safety with minimal effect on your decor.

We set out to make the finest, longest lasting, permanent sneeze guards available, with the smallest possible foot print. You don't need to sacrifice valuable counter or desktop space to achieve social distancing.

Durability is our hallmark. Our sneeze guards are made with a long-lasting anodized aluminum base that permanently mounts to any horizontal or vertical surface.

Our abrasion resistant, crystal clear acrylic panels have a special coating that protects the panel for added durability, even with regular cleaning.

EASY TO INSTALL
